Science of Business

Attn: Lisa Lang

Dear Lisa,

I wanted to thank you for the "Mafia Boot Camp" I attended in Denver. You helped us realize a Mafia Offer for our company, which we were able to implement immediately within our existing structure. When we have presented this offer to new prospects, we have literally stopped them in their tracks. We are very excited with our offer, and look forward to our continuing relationship with the Science of Business to grow our company.

Thank you,

Vern Harris
President
The Sigtist, Inc.
